"MUNICIPAL DANCE"  
IN SCHOOL BUILDINGS

NEW YORK, April 21.—To combat the evil influences charged against the public dance halls and their Turkey trots and tangos, the recreation leaders of the department of education last night for the first time threw open a school building for a "municipal dance." The plan proved highly successful, it was reported, with over 500 couples dancing the full three and one-half hours allotted without even a protest against the prohibition of the Turkey trot and tangos. It is hoped to extend the municipal dance idea to all of the fifty-five school centers of the great city.

The government will be represented at the conference by C. C. Hought, St. Paul, United States district attorney.

At the conference here a method of dissolution will be agreed upon or an application for more time to consider will be filed on behalf of the railway.

## ROCK ISLAND TRAIN WRECKED.

M'PHERSON, Kans., April 21.—Rock Island train No. 1, which left Kansas City at 11:15 o'clock last night for Texas, heavily laden with passengers, was derailed by train wreckers near here today. Five Pullman coaches left the track, but remained upright and no one was injured. The would-be wreckers had removed a bolt from a switch bar. The train was going forty miles an hour when the accident occurred.

GARDEN SAGE DARKENS GRAY HAIR  
SO NATURALLY NOBODY CAN TELL

RESTORES ITS LUSTRE, PREVENTS SCALP ITCHING; DANDRUFF AND FALLING HAIR

That beautiful, even shade of dark glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. While it is a messy, tedious task it well repays those whose hair is turning gray, faded and streaked. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly just an application or two of Sage and Sulphur enhances its appearance a hundred fold.

Don't bother to prepare the tonic; you can get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," ready to use.

This can always be depended upon to bring back the natural color and lustre of your hair and is the best thing known to remove dandruff, stop scalp itching and falling hair.

Everybody chooses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush and draw this through the hair, taking one small strand at a time which requires but a few moments. Do this at night and by morning the gray hair has disappeared and after another application it becomes beautifully dark and appears glossy, lustrous and abundant. It certainly helps folks look years younger and twice as attractive, says a well known down-town druggist.

CASH BOY LOOKING  
LIKE EARLY RESULTS

A message to the local offices of the Tonopah Mining and Leasing company announced on Saturday that the shaft is 855 feet in depth, says the Salt Lake Tribune, and it was the shaft which cut the vein recently at the 820-foot level. Conditions point to the fact that another vein should be encountered within a short distance and taking into consideration the difference in elevation between the Cash Boy and Tonopah Merger shafts, the vein should be near, for the Merger got the same vein at a depth of 860 feet.

The Cash Boy may have 30 or 40 feet more to drive, but this distance can be covered quickly.

There is a strong probability that there will be a consolidation effected shortly between the leasing company and the parent or owning company, negotiations for which are now under way. The parent company is known as the Cash Boy Mining company.
